PROFESSIONAL SUMMARY

Final-year BCA student passionate about frontend development with hands-on experience building web applications. Strong problem-solving skills demonstrated through 100+ LeetCode solutions and HackerRank Silver Badge. Seeking an entry-level frontend developer position to contribute to innovative projects and grow with emerging technologies.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js

Programming: JavaScript, Java, OOP, Data Structures & Algorithms

Styling: Responsive Design, CSS Grid, Flexbox, CSS Animations

Tools: Git, GitHub, Visual Studio Code, Chrome DevTools

APIs: REST APIs, Fetch API, Local Storage, JSON handling

PROJECTS

🎵 Spotify Clone

HTML5, CSS3, JavaScript, Web Audio API

- Built music streaming interface with play/pause, volume controls, and playlist management
- Implemented responsive design with smooth animations and local storage integration
- *GitHub:* github.com/saurav6123/spotify-clone

☀ Weather Application

HTML5, CSS3, JavaScript, OpenWeather API

- Developed real-time weather dashboard with location-based search functionality
- Added error handling, loading states, and responsive design for mobile/desktop
- *GitHub:* github.com/saurav6123/weather-app

💼 Portfolio Website

HTML5, CSS3, JavaScript

- Creating professional portfolio with interactive animations and responsive design
 - Showcasing projects and skills with clean, modern interface
-

CODING ACHIEVEMENTS

 **LeetCode:** Solved 100+ problems across various difficulty levels

 **HackerRank:** Silver Badge demonstrating strong programming fundamentals

EDUCATION

Bachelor of Computer Applications (BCA) | 2022 - 2025

Amrita Vishwa Vidyapeetham, Tamil Nadu

Relevant Coursework: Web Technologies, OOP, Data Structures, DBMS

Higher Secondary (12th) | 2022 | Govt. Sarvodaya Bal Vidyalaya, CBSE

Secondary (10th) | 2020 | Govt. Sarvodaya Bal Vidyalaya, CBSE

CORE STRENGTHS

- Strong analytical and problem-solving abilities with proven coding track record
 - Quick learner with adaptability to new frontend technologies and frameworks
 - Attention to detail in code quality, user experience, and responsive design
 - Good communication skills and collaborative team approach
 - Passionate about continuous learning and staying updated with industry trends
-
